History has shown that participation in team-oriented sports activities at a young age instills many of the fundamental core values that drive us as adults. We at South Anchorage High School feel that competing at the highest possible levels not only shape who we become and but affords many young people the opportunity to continue their educational opportunities that otherwise may not have been available. With this as our guiding focus, we will continue to build a football program that rivals the storied programs of the lower 48.

Your support is needed! Be part of history and the establishment of football viability by supporting Wolverine football as a booster, core contributor or hole sponsor and participant in our annual golf tournament on Saturday, June 16th. For more information on how to become a '12th Wolverine', please contact...

## Frequently Asked Questions:

### **Q: "How are the funds raised spent?"**

A: It depends on the year. In times past it has paid for travel to CA and TX to compete, helmets, field equipment as well as supporting bringing coaches to AK for camps and clinics. 100% of all funds raised are reinvested back into the program for the betterment and success of our kids.

### **Q: "Why fundraise when the Anchorage School District pays for equipment?"**

A: SAHS football has been self-supported since its first year of existence and received limited funding for one set of jerseys on two occasions from ASD. Activities fees go towards field maintenance and officials, not participant equipment.

### **Q: "With all of the affluence in South Anchorage, why should I contribute to this program?"**

A: South Anchorage, like Alaska in general, has its pockets of affluence as well as poverty. We have a wide range of family incomes attending SAHS and want to ensure that money is never a barrier to participation. Our fundraising events support a variety of families who may not have the finances to properly equip perhaps multiple players as well as offering post-high school scholarships for those seeking to continue their education.

### **Q: "Do these funds help pay for staff?"**

A: We have 18 staff members slated for the 2018 season of which 6 receive compensation from ASD. All others are volunteers who have a deep-rooted passion for seeing young people succeed and grow through team sports.

### **Our Mission**

The South Football Booster Foundation, formed in May of 2005, is an action-oriented group of parents and other volunteers working together to support the South Anchorage High School Football Program.

**Our Purpose:** To promote, improve, and support the South Football Program through fundraising, public relations, and volunteerism.

### **Our Primary Goals:**

- (1) **increase** parent, school, and community involvement in the South Football Program;
- (2) **provide** timely notification to the general membership of all events related to the Program;
- (3) **document** and maintain historical information;
- (4) **build** school and team spirit;
- (5) **promote** good sportsmanship; and
- (6) **encourage** unity among all student athletes and fans, both on and off the field.
